KEY FEATURES

LIGHTNING AND SURGE SUPPRESSION
Built in state of the art lightning and
surge protection.

FOOT PEDAL RELEASE
Simply step on the foot pedal and push the
gate open when power is not available.

RESIDENTIAL/LIGHT COMMERCIAL
This operator is perfect for a home or
for a business that utilizes a smaller gate.

For easy access the Foot Release Model allows you to push the gate open during a power outage in case of an emergency with the use of a foot pedal, that disengages the operator from the gate. The foot pedal can be secured with a pad lock in the closed or open position and can be used for gates up to 27 feet or 600 pounds. Like all operators in the Eagle-1000 series, the Foot Release Model utilizes the Diamond control board. The most featured packed control board in the industry.
