The Eagle-2000-APT series is designed to deliver rugged durable power for the most demanding applications. Whether it be for apartment buildings, gated communities or industrial sites, the Eagle-2000-APT series offers 3 models to fit your exact needs. The standard model comes with a 1 horsepower motor while the DM model utilizes dual 1 horse power motors perfect for high traffic applications. Our third model in the series is the 2000-APT 1.5 model which uses dual 3/4 horse-power motors that work in tandem and is used on gates up to 50' or 3500 lbs. All models utilize the state of the art, Diamond Control Board and are backed by our best in class 5 year warranty.
